Abstracts

Key findings (Word) + Trade analysis (Excel)

Pendimethalin is a broad-spectrum and highly efficient selective herbicide used to control most annual grasses and certain broadleaf weeds on corn, potatoes, rice, cotton and soybeans, etc. Currently, only a few domestic manufacturers have mastered its production technology. What is the production and export situation of Chinese pendimethalin? Who are exporting pendimethalin and what products dominate China's export? You can find the answers in this report.

Besides, you can also get a lot of other useful information of pendimethalin, such as:

- Main manufacturers in China and brief introduction to the leading producer;
- Price changes in 2008 in Chinese market;
- Main exporters and destinations in 2008.
