Abstracts

The Executive Summary of Production and Market of Ethanolamine in China is from CCM's report Production and Market of Ethanolamine in China, which was finished on 12 March, 2015.

China is the second largest producer and consumer of ethanolamine in the world, only next to the US. Since 2006, China's ethanolamine production has entered the period of swift growth, also the consumption.

This Executive Summary mainly states the production and consumption situation of ethanolamine producers in China and where these producers distributed in China. Different from major foreign ethanolamine consumption countries, China's ethanolamine is mainly applied in the production of cement grinding aid, agrochemical, organic synthesis and surfactant.

The Executive Summary of Production and Market of Ethanolamine in China briefs you the general situation of ethanolamine producers in China and let you clearly know more information about this industry.
