Abstracts

This executive summary is extracted from CCM's report Production and Market of Thiamethoxam in China finished in May 2016.

As the second largest insecticide in the world, thiamethoxam has caught much attention in China ever

since its patent expired in China in July 2013. As of Feb. 2016, the number of valid registration of thiamethoxam technical in China has reached 57, and that of formulations has reached 164.

In 2015, there were more than 13 thiamethoxam technical manufacturers in China with total capacity of 9,180 t/a. However, only five of them were in operation while the rest were in idle status. In addition, during Jan. 2011-March 2016, the ex-works price of 97% thiamethoxam technical in China has decreased significantly.

What are the factors that have greatly influenced the Chinese thiamethoxam industry?
How the Chinese and the global market consumption of thiamethoxam are going?
These aspects will be shown in this executive summary.
