Abstracts

Focusing on the production and market of thiamethoxam in China, this report will bring the following value:

For those who plan to enter the Chinese thiamethoxam industry: This report can be an important reference material, because it has forecasted the future market (2016-2020) of thiamethoxam in China based on the specific analysis on the major factors that influence Chinese thiamethoxam industry.

For foreign buyers: This report provides you with information about the major players in Chinese thiamethoxam industry as well as the market conditions in China.

For the domestic pesticide producers and traders: The export analysis on this report can be a good guidance material for your business.

For investors who are interested in the whole industry chain of Chinese thiamethoxam technical: This report can provide you detailed information about the upstream and downstream industries.

As the second largest insecticide in the world, the sales value of thiamethoxam reached USD1,180 million in 2014. Due to its good performance in the global market, thiamethoxam has caught much attention in China after its patent expired in China in July 2013. Many domestic and foreign companies actively registered both thiamethoxam technical and formulations in China, and rapidly expanded their production scale. However, it was noted that the both the production and consumption of thiamethoxam in China and the world have changed gradually under the influences of some other factors, such as environmental policies. Many companies who once looked

good of Chinese thiamethoxam industry now began to suspect.

This report will present you the Chinese thiamethoxam industry as follows

Position of thiamethoxam in insecticide industry

Production technology and raw material supply of thiamethoxam in China

Registration of thiamethoxam technical and formulation in China

Supply of thiamethoxam technical and formulation in China, 2011-2015

Export of thiamethoxam technical and formulation, 2011-2015

Consumption of thiamethoxam in China, 2011-2015

Forecast on thiamethoxam industry in China, 2016-2020

Profile of major thiamethoxam technical manufactures in China

Forecast on thiamethoxam industry in China, 2016-2020

Profile of major thiamethoxam technical manufactures in China
