Abstracts

Description:

CCM has finished a market report named Production and Market of Lactic Acid in China in Nov 2009. In order to meet clients' different demands and provide more low-price products, we separated it into many sub-reports with different specific themes. Production Technology of Lactic Acid in China is one of the sub-reports.

Given China's overall lagged technology, the quality of Chinese lactic acid is poorer than that of developed countries. The majority of Chinese lactic acid manufacturers mainly produce DL-lactic acid, only a few manufacturers can produce high quality L-lactic acid. However, lactic acid production enjoys promising market potential in China.

Contents

1 TECHNOLOGY

- 1.1 Current technology of each stage from lactic acid to polylactic acid
- 1.2 Future technology of each stage from lactic acid to polylactic acid
- 1.3 Outline of production process

COMPANIES MENTIONED

Shanghai Tong-jie-liang Biomaterials Co., Ltd., Henan Jindan Lactic Acid Technology Co., Ltd., Anhui BBCA & Galactic Lactic Acid Co., Ltd., Ningxia Hypow Biotechnology Co., Ltd., Sinolac (Huludao) Biotech Co., Ltd.

I would like to order

Product name: Production Technology of Lactic Acid in China

Product link: <https://marketpublishers.com/r/PEADD8FD976EN.html>

Price: US\$ 1,080.00 (Single User License / Electronic Delivery)
