Abstracts

The Executive Summary of Sodium Borohydride Market in China is from CCM's report Sodium borohydride Market in China, which was finished on 12 May, 2015.

The sodium borohydride industry in China is facing overcapacity at present. With the slowly increasing demand from downstream industries, the competition in the sodium borohydride industry is intense.

This Executive Summary mainly states the production and consumption situation of sodium borohydride in China. The output of sodium borohydride in China increased stably during 2010-2014. Besides, sodium borohydride mainly consumed in the pharmaceuticals and agrochemicals, while in other fields, such as paper making and electronic products, consumed small volumes. It also gives the forecast of these two parts in the next five years.

The Executive Summary of Sodium Borohydride Market in China briefs you the production and consumption situation of sodium borohydride in China, which helps you clearly know the development trend of sodium borohydride.
