Abstracts

The report comprises key findings (Word) and trade analysis (Excel)

In recent years, domestic TMA industry developed fast with average annual capacity growth rate of 15.12% from 2003 to 2007. The aim of this report is to provide basic understanding to the Chinese TMA. In this report, the production, price and export of TMA are mainly introduced. Besides, the active manufacturers are also listed.

In this report, you can easily find out

- what is problem existing in Chinese TMA industry?
- who are your competitors?
- who are your potential business partners?
- which countries also consume TMA?

Contents

China made plans and started the construction of several Cyanuric Chloride facilities to support the booming atrazine market. Several facilities should be getting close to completion.

When these plants will come on stream?

Will there be enough atrazine available for this upcoming season?

How about the relationship between cyanuric chloride and atrazine and how the cyanuric chloride market impact on atrazine market?

Well you will get the answer from this simple survey.
