Abstracts

China Titanium Dioxide Monthly Report provides you with real-time intelligence on China's titanium dioxide (TiO₂) market.

China's titanium dioxide market is at a crossroads. As growth in the wider economy slows, Chinese TiO₂ manufacturers are faced with slowing domestic demand, massive overcapacity and falling prices.

Big changes are underway as producers struggle to deal with this 'new normal'. M&A activity is accelerating, and many companies are attempting to improve their product quality to become more competitive in the international market. Meanwhile, others are struggling to adapt to China's tightening environmental regulations.

China Titanium Dioxide Monthly Report will help you stay ahead of the game in this fast-changing market with real-time reporting on the entire TiO₂ industry chain, from the upstream ilmenite and titanium slag markets to the downstream pigments, coatings and plastics markets. This includes:

Breaking news from China and abroad

The latest market data, including price information for raw materials, intermediates and end products, import/export data, production, consumption, operating rates, etc.

In-depth analysis of market trends, Chinese government policy, the performance of leading Chinese producers, M&A, new technologies, and more

Expert commentary from industry insiders, including regular guest articles and interviews with insiders at leading Chinese manufacturers, associations and government organizations

Contents

Headline

Editor's Note

Column 1 Market Dynamics

EU imposes provisional duties on China's TiO₂

China's titanium slag production in Jan.–May 2024

China's export volume of titanium sponge drops by 20.67% YoY in Jan.–May 2024

Column 2 Company Dynamics

Dongli Technology's subsidiary to implement TiO₂ technical renovation project

Xilong Chemical's TiO₂ project (phase II) is put into production

Hexiang Titanium continues suspending high titanium slag production

Longkun Electrometallurgy and Wuxing Titanium maintain production reduction

Huiyun Titanium obtains invention patent of surface-modified TiO₂

National Titanium's 80,000 t/a titanium sponge reaches designed capacity

Column 3 Political Factors

NDRC issues Catalogue of Encouraging Industries in Western China

China suspends tariff reductions for Taiwan products

Column 4 Downstream Industrial Information

Sokan New Materials to establish joint venture for purchasing coating projects

Yulong New Material signs high-end industrial coating project

Lianshun New Materials' 350,000 t/a environmental coating project

Huahui Paint to build waterborne coating project

Axalta's waterborne coating project is approved

Column 5 Import and Export

China's TiO₂ export volume in May 2024 increases YoY

China's ilmenite import volume increases YoY in May 2024

Column 6 Price Update

TiO₂ prices maintain downward trend in June 2024

Transaction prices of ilmenite in some areas
