Abstracts

Description: CCM has finished a market report named Survey of High Intensity Sweeteners in Asia Pacific in Feb. 2011. In order to meet clients' different demands and provide more low-price products, we separated it into many sub-reports with different specific themes. Trade Situation of High Intensity Sweeteners in Asia Pacific is one of the sub-reports.

In terms of high intensity sweeteners (HIS) international trade in Asia Pacific (AP), the products of major production countries are mainly exported. Major export destinations are the US and other developed countries. China is the biggest HIS export country in AP with the total HIS export reaching xx tones in 2009, while Indonesia and Malaysia are estimated to be the two biggest HIS import countries, with the total HIS import of over xx tones in 2009.

Through this sub-report, you can get to know the import and export situation of specific high intensity sweetener in each main production country. For example, in Japan you can capture the trade information of saccharin, acesulfame-k, stevia sweetener, aspartame, sucralose and glycyrrhizin. Besides, the key influence factors, demand forecast in each region are also revealed in details.
