### Abstracts

Vitamins China E-News provides you with real-time intelligence on China's vitamins market.

It is a monthly published newsletter, which can be downloaded in PDF format. The subscription period is yearly, grants the subscriber 12 issues in total.

China is the world's largest exporter of vitamins, while the domestic market has also expanded rapidly in recent years thanks to growing demand from the feed and pharmaceuticals markets. Now, competition in the industry is shifting from producing API to higher-margin pharmaceutical-grade products, while China's tougher stance on environmental protection is also having an effect.

Vitamins China E-News will help you stay ahead of the game in this fast-changing market with real-time reporting on the entire vitamins industry chain, from raw materials to end consumption. This includes:

Breaking news from China and abroad

The latest market data, including price information for raw materials, intermediates and end products, import/export data, production, consumption, operating rates, etc.

In-depth analysis of market trends, Chinese government policy, the performance of leading Chinese producers, M&A, new technologies, and more

Expert commentary from industry insiders, including regular guest articles and interviews with insiders at leading Chinese manufacturers, associations and government organizations
