## Abstracts

CmaxInsight's "Multiple Sclerosis: Market Assessment, Epidemiology & Market Forecast-2028" report provides an overview of the disease and market size of Multiple Sclerosis for the seven major markets i.e., United States, EU5 (France, Germany, Italy, Spain, UK) and Japan. The Report covers epidemiology of Multiple Sclerosis from 2018 to 2028 segmented by seven major markets market along with market drivers, market barriers and unmet medical needs of this indication.

### Research Scope

#### Multiple Sclerosis Overview and Treatment Landscape

The report provides comprehensive information of the disease overview by providing details such as disease definition, classification, symptoms, etiology, pathophysiology and diagnostic trends. The comprehensive details about treatment algorithms and treatment guidelines for Multiple Sclerosis in the United States, Europe, and Japan are also covered.

#### Multiple Sclerosis Epidemiology

This section of the report provides the country-specific information of historical and current patient pool and offers forecasted value for prevalent/ incident cases, along with diagnosed and treatable patient pool.

#### Multiple Sclerosis Marketed and Emerging Drug Landscape

A snapshot on the marketed and pipeline emerging drugs, along with comprehensive insight on emerging treatments based on their safety & efficacy results, mechanism of action, route of administration, therapeutic potential, regulatory success, launch dates, and other factors.

This section also covers latest news which includes agreements and collaborations, approvals, patent details and other major breakthroughs.

#### Multiple Sclerosis Market Size and Segmentation

This segment of the report focuses on key question: "What is the size of the total &

addressable market for Multiple Sclerosis”? This key question will help to answer whether the market is big enough to be interested in your business. Relevant and detailed patient segmentations are provided for each Indication, enabling to evaluate the commercial potential of the market.

#### Multiple Sclerosis Market Trends and Opportunities

Identify market trends and the opportunities by analyzing the impact of current therapies on the market, unmet needs, drivers and barriers and demand of better technology.

#### Multiple Sclerosis Unmet Needs

Discover the significant current and future unmet needs for the Multiple Sclerosis.

Market requirements vary with different countries and geographies.

#### Methodologies

Our experts synthesize information from proprietary databases, syndicated reports, primary research and secondary data, such as company reports, press releases, published peer-reviewed journal articles, disease registries, and general news media to provide a complete picture of your market. Our approach ensures that every data point and inference goes through multiple validations while leveraging a variety of sources to formulate market and opportunity size.

#### Key Coverage and Benefits:

The report will help in developing business strategies by understanding the trends shaping and driving the global Multiple Sclerosis market.

The report provides detailed historical and forecasted epidemiological data of Multiple Sclerosis in the 7MM from 2018-2028.

Organize sales and marketing efforts by identifying the best opportunities for Multiple Sclerosis in US, Europe and Japan.

To understand the future market competition in the global Multiple Sclerosis and insightful review of the key market drivers and barriers.

To understand the regulatory scenario in major markets.
