This iDRD (Insight-based Data Rich Deliverable) is part of the Business Wireless and Business Networks subscriptions. This report takes a look at the top issues as it related in in-building wireless coverage or indoor wireless communications. Included in this report are a look at the primary issues, possible solutions, vendor opportunities, and a forecast of business wireless equipment spending from 2005-2010. The Expert Guide for this iDRD is Stephanie Atkinson.

Sources: Compass Intelligence's segment and market forecasts, which include business expenditures, market demographics, and usage and adoption statistics are built using multiple sources, including proprietary Compass Intelligence research. These sources include, but are not limited to, secondary research, government data and statistics (e.g. Department of Commerce, Federal Communication Commission, Bureau of Labor Statistics and US Census Bureau), primary research, vendor-based research and in-depth interviews with key decision-makers, where relevant. Compass Intelligence selects data sources to provide greatest degree of perspective on each market or segment, in addition to the highest level of data accuracy, stability, and consistency over time.
