Trichlorosilane Market Research (China)

Date:	February 1, 2008
Pages:	141
Price:	US\$ 2,250.00
ID:	T1E96F7C73BEN

Trichlorosilane (silicochloroform)Molecular formula: SiHCl_3 CAS Number: 10025-78-2

Trichlorosilane can be used in composing organosilane, aryl and chlorosilane the organo-functional group. It is the most essential monomer in organosilane resin acceptor, and raw material of semiconductor silicon and monocrystal line silicon.

China's booming economy, especially the fast-developing fine chemical industry, polysilicon industry, organosilane industry, and optical fibre communications industry, etc, are providing giant market space and opportunities for the trichlorosilane production and development of down-stream products.

The report mainly expatiates the production techniques, the current production status and the application area of trichlorosilane, the current consumption structure and consumption status and prediction on consumption of trichlorosilane, and also investments in the trichlorosilane projects. It has also exercised further analysis and prediction of the market demand and prospect of the trichlorosilane market.

Table of Content

CHAPTER I BASIC INFORMATION OF TRICHLOROSILANE

Section I Analysis on the Performances and Characteristics of Trichlorosilane

I Definition and Performances of Trichlorosilane

II Analysis on the Functions of Trichlorosilane

Section II Analysis on the Safety, Stockpile and Transport of Trichlorosilane

I Analysis on the Fire Risks of Trichlorosilane Production

II Countermeasures of Preventing Fire and Exploration

III Leakage/Fire Disposal

CHAPTER II OPERATION ANALYSIS OF CHINA'S TRICHLOROSILANE INDUSTRY IN 2007

Section I Analysis on China's Control and Governing of Environment Pollution in 2007

I Current Situation of Pollution in China

II Countermeasures and Management of Pollution Prevention and Control

Section II Introduction to China's Trichlorosilane Projects Constructed after 2007

I The 20,000-ton-grade Trichlorosilane Project Invested by Sichuan Leshan Fuhua Agro-Chemical Technology Co., Ltd.

II 12,000-ton-grade Trichlorosilane Project is under Construction in Sanmenxia, Henan Province

III 15,000-ton-grade Trichlorosilane Project in Hebei Province

IV 6,000-ton-grade Trichlorosilane Project in Ruzhou City

V 10,000-ton-grade High-pure Trichlorosilane Project in Jiyuan City is Put on Record

VI 6,000-ton-grade Trichlorosilane Project in Yulin City is Inviting Investment

CHAPTER III ANALYSIS ON THE OPERATING STATUS OF CHINA'S TRICHLOROSILANE MARKET IN 2007

Section I Analysis on the Operating Status of China's Trichlorosilane Industry in 2007

I China's SBR Production Capacity of Trichlorosilane in 2005-2007

II The Trichlorosilane Output of China in 2005-2007

III Number and Distribution of Trichlorosilane Enterprises in China

IV Demand and Demand Structure of Trichlorosilane

V Analysis on the Economic Benefit of the Trichlorosilane Industry

Section II Analysis on the Prices of Trichlorosilane Products in China in 2007

I 2007 Analysis on the Trichlorosilane price in China

II Analysis on the Factors Influencing the Market Price of Trichlorosilane in China

CHAPTER IV ANALYSIS ON CHINA'S PRODUCTION TECHNOLOGY LEVEL OF TRICHLOROSILANE IN 2007**Section I Analysis on the Current Situation of Trichlorosilane Production**

I Analysis on the Process Flow of Trichlorosilane

II Analysis on the Major Production Technologies of Trichlorosilane

Section II Improvement of China's Production Technique of Trichlorosilane in 2007

I Hydrosilicon Chlorination Process

II SiCl₄-H₂ Reduction Method**CHAPTER V ANALYSIS ON THE COMPETITION PATTERN OF CHINA'S TRICHLOROSILANE INDUSTRY IN 2007****Section I SWOT Analysis on China's Trichlorosilane Industry in 2007**

I Advantage Analysis

II Disadvantage Analysis

III Opportunity Analysis

IV Challenge Analysis

Section II Analysis on the Competition pattern of China's Trichlorosilane Industry in 2007**CHAPTER VI ANALYSIS ON THE OPERATION AND COMPETITION POWER OF CHINA'S MAJOR TRICHLOROSILANE ENTERPRISES IN 2007****Section I Shanghai Lengguang Industrial Co., Ltd.**

I Company Profile

II Operation in 2004-2006

III Profits in 2004-2006

Section II Taian Guangming Chemical Co., Ltd.

I Company Profile

II Operation in 2004-2006

III Profits in 2004-2006

Section III Wuhan Tianxiang Chemical Co., Ltd.

I Company Profile

II Operation in 2004-2006

III Profits in 2004-2006

Section IV Huaxiang Chemical Co., Ltd. in Jingzhou City

I Company Profile

II Operation in 2004-2006

III Profits in 2004-2006

Section V Hubei Huaerliang POSCO silicon science & technology Co., Ltd.

I Brief Introduction to the Development of Enterprises in 2007

Section VI Zhejiang Kaihua Yuantong Silicon Co., Ltd.

I Company Profile

II Operation in 2004-2006

- III Profits in 2004-2006
- Section VII Tongwei Co., Ltd.
 - I Company Profile
 - II Acquisition of Sichuan Yongxiang Co., Ltd.
- Section VIII Tangshan Sunfar Silicon Industries Co., Ltd.
 - I Company Profile
 - II Analysis on Major Products of Tangshan Sunfar
- Section IX Nanjing Deepth Chemical Co., Ltd.
 - I Company Profile
 - II Analysis on Major Products of Nanjing Deepth Chemical

CHAPTER VII ANALYSIS ON THE SUPPLY AND DEMAND OF ORGANIC SILICON MONOMER OF THE WORLD AND CHINA

- Section I Supply and Demand of Organic Silicon Monomer of the World in 2004-2006
 - I Distribution of the Production Capacity of Organic Silicon Monomer in the World in 2004-2006
 - II Analysis on the Supply and Demand of Organic Silicon Monomer of the World in 2000-2010
- Section II Analysis on the Supply and Demand of Organic Silicon Monomer
 - I Supply of Organic Silicon Monomer in China in 2002-2006
 - II unit Self-sufficiency Ratio of Organic Silicon Monomer in 1996-2010
 - III Production and Consumption of Organic Silicon Monomer in China in 1998-2010
 - IV Prediction on the Distribution of the Production Capacity of Organic Silicon Monomer in China in 2010
- Section III China to Become the Largest Organic Silicon Consumer
 - I The Hiking Production Capacity
 - II Rapid Improvement of China's Home-grown Brands
 - III Major Sectors of the Organic Silicon Industry in 2007

CHAPTER VIII ANALYSIS ON THE DOWN-STREAM APPLICATION OF TRICHLOROSILANE- SILANE RESIN ACCEPTOR

- Section I Properties and Categories of Silane Resin Acceptor Products
 - I Product Type and Main Application Areas
 - II Position of Silane Resin Acceptor in the Industrial Chain of Organic Silicon
 - 1 Composition of the Industrial Chain of Organic Silicon
 - 2 Features of the Industrial Chain of Organic Silicon
- Section II Major Producers and Supply of Silane Resin Acceptor in China
 - I Supply of Silane Resin Acceptor in China in 2000-2007
 - II Demand for Silane Resin Acceptor in China in 2000-2007
 - III Demand Structure of Silane Resin Acceptor in China in 2006-2007
- Section III Major Chinese Producers of Silane Resin Acceptor
 - I Nanjing Shuguang Chemical Group Co., Ltd.
 - II Jingzhou Jiangnan Fine Chemical Co., Ltd.
 - III Jiangsu Guotai Ronghau Co., Ltd.
 - IV Other Producers of Silane Resin Acceptor
- Section III Analysis on the Organic Silicon Sectors' Demand for Trichlorosilane

CHAPTER IX ANALYSIS AND PREDICTION ON CHINA'S TECHNOLOGY, PRODUCTION AND SALES OF POLYSILICON IN 2007

- Section I Analysis on the Major Production Techniques of Polysilicon
 - I Siemens Method
 - II Modified Siemens Method- Closed Loop Trichlorosilane Reduction Method
 - III Silane Method- Silane Pyrolytic Process
 - IV Fluidized Bed Process
 - V New Techniques of Solar Power-grade Polysilicon

Section II Production Techniques of Polysilicon in other Countries

- I Production Techniques of Polysilicon in other Countries
- II Production Techniques of Polysilicon in China

Section III Improvement of the Production Techniques of Polysilicon in China

I Development History of the Production Techniques of Polysilicon in Shanghai in the Planned Economy Era

- II China Breaks the Monopolization of the Production Techniques of Polysilicon
- III Production Technique of Solar Power-grade Polysilicon Gets Improvement

Section IV Analysis on the Function of Polysilicon in the Industrial Chain of Silicon Products

- I Position of Polysilicon in the Industrial Chain of Silicon Products
- II Application of Polysilicon in Producing Solar Cell
- III Industrial Structure of the Solar Photovoltaic Industry

Section V Analysis on the World's Supply and Demand of High-pure Polysilicon in 2004-2007

- I Statistics of the World's Major Producers Engaged in the PV Industry and Their Locations
- II High-pure Polysilicon Output of the World's Major Producers and their PV Supply in 2004-2005
- III Output Statistics of Solar Power-grade Silicon Chip of the World's Major Producers in 2004-2005
- IV High-pure Polysilicon Output of the World's Major Producers and Prediction on their Production Capacity in 2004-2008

V The World's Output & Consumption of High-pure Polysilicon and PV Supply & Demand in 2004-2010

VI The World's Supply and Demand of High-pure Polysilicon in 2004-2010

VII Variation of Silicon Material Dosage of Per Crystalline Silicon Cell

Section VI Analysis on the Development of China's Polysilicon Market in 2007

- I Production Capacity of the Existing Producers (by Siemens Method)
- II Production Capacity Statistics of Polysilicon by Siemens Method in 2006-2010
- III Current Production and Investment of High-pure Polysilicon Material in China
- IV Construction of Polysilicon Projects

1 China's Largest Polysilicon Project Settles in Chongqing

2 Polysilicon Material Projects and Solar Cell Projects Invested by CSG Holding Co., Ltd.

3 3,000-ton-grade Polysilicon Project Jointly Invested by Shanghai and Mudanjiang City

4 1,500-ton-grade Polysilicon Project Invested by Jiangsu Sunshine Co., Ltd. Starts Construction

5 Polysilicon Project Invested by Yunnan Aiguixin Technology Co., Ltd. Start Construction in Yunnan

6 Polysilicon Project Invested by General Silicon Material Co., Ltd. Settles in Nanchang

7 1,000-ton-grade Polysilicon Project Starts Construction in Qinghai

Section VII Prediction on Polysilicon Supply and Demand in China and the World in 2010

I Prediction on Polysilicon Supply and Demand in the World in 2007-2010

II 20,000T Effective Production Capacity of Polysilicon to Form in China in 2010

CHAPTER X PREDICTION ON TRICHLOROSILANE SUPPLY AND DEMAND IN CHINA IN 2008-2010

Section I Analysis on the Development Environment of China's Trichlorosilane Industry in 2008-2010

- I Major Economy Indices
- II Analysis on the Trend and Influence of Main Macro-policies
- III Prospect on Consumption, Investment and Foreign Trade
- IV National Policies

Section II Prediction on the Supply and Demand of China's Trichlorosilane Industry in 2008-2010

- I Supply Prediction on Upper-stream Material Supply and Market Situation in China in 2008-2010
- II Prospect of the Development of Down-stream Trichlorosilane Industry in 2008-2010
 - 1 Prediction on Trichlorosilane Demand in 2010
 - 2 Analysis and Prediction on Demand for Silane Resin Acceptor
 - 3 Analysis and Prediction on Demand for Polysilicon
- III Prediction on the Production Capacity and Output of China's Trichlorosilane Industry in 2008-2010

CHAPTER XI ANALYSIS ON THE INVESTMENT OPPORTUNITIES AND RISKS OF CHINA'S TRICHLOROSILANE INDUSTRY IN 2008-2010

Section I Analysis on the Development Environment of China's Trichlorosilane Industry in 2008-2010
Section II Analysis on the Investment Opportunities of China's Trichlorosilane Industry in 2008-2010
I Rapid Development of Down-stream Industry
II Continually Increasing Demand
III Sufficient Supply of Raw Material
IV Region Investment Opportunities
V Diversified Investment Opportunities
Section II Analysis on the Investment Risks of China's Trichlorosilane Industry in 2008-2010
I Analysis on the Risks of Market Competition
II Analysis on Environment Protection
Section IV Investment Strategies and Suggestions

CHART CONTENTS

Chart 1 Basic Information of the 15,000-ton-grade Trichlorosilane Project in Hebei
Chart 2 China's Production Capacity of Trichlorosilane in 2005-2007
Chart 3 Growth Trend of China's Trichlorosilane Output in 2005-2007
Chart 4 Trichlorosilane Demand of China in 2005-2007
Chart 5 Trichlorosilane Demand Structure of China in 2007
Chart 6 Statistics of China's Sales Revenue and Profit of Trichlorosilane in 2004-2006
Chart 7 Growth Analysis of China's Trichlorosilane Industry in 2004-2006
Chart 8 Profitability Analysis (Including Gross Profit, Profit Margin) of China's Trichlorosilane Industry in 2004-2006
Chart 9 Factory price of Trichlorosilane of Ouli Petrochemical
Chart 10 Statistics of the Factory price of Trichlorosilane of Nanjing Deepth Chemical in 2006-Nov., 2007
Chart 11 Selling Price of Trichlorosilane of Zobo Yuequn Economic Trading Co., Ltd.
Chart 12 Annual Consumption of Raw Material after Operation
Chart 13 Annual Consumption of Energy and Resources after Operation
Chart 14 About Sales Volume
Chart 15 Operation Status of Shanghai Lengguang Industry in 2004-2006
Chart 16 Operation Analysis of Shanghai Lengguang Industry in 2004-2006
Chart 17 Operation Status of Taian Guangming Chemical in 2004-2006
Chart 18 Operation Analysis of Taian Guangming Chemical in 2004-2006
Chart 19 Operation Status of Wuhan Tianxiang Chemical in 2004-2006
Chart 20 Operation Analysis of Wuhan Tianxiang Chemical in 2004-2006
Chart 21 Operation Status of Jingzhou Huaxiang Chemical in 2004-2006
Chart 22 Operation Analysis of Jingzhou Huaxiang Chemical in 2004-2006
Chart 23 Operation Status of Zhejiang Kaihua Yuantong Silicon in 2004-2006
Chart 24 Operation Analysis of Zhejiang Kaihua Yuantong Silicon in 2004-2006
Chart 25 Distribution of the Production Capacity of Organic Silicon Monomer in the World in 2004
Chart 26 Production Capacity of the World's Major Producers of Organic Silicon Monomer in 2005
Chart 27 Production Capacity of the World's Major Producers of Organic Silicon Monomer in 2006
Chart 28 Distribution of the Production Capacity of Organic Silicon Monomer in the World in 2006
Chart 29 Industrial Chain of Organic Silicon and the Features
Chart 30 Prediction on the World's Production Capacity and Consumption of Organic Silicon Monomer in 2000-2010
Chart 31 Industrial Chain of Organic Silicon
Chart 32 Statistics of the Total Production Capacity of Organic Silicon Monomer in China
Chart 33 Production Capacity and Expansion of China's Producers of Organic Silicon Monomer in 2005-2008
Chart 34 China's Self-sufficiency Ratio of Organic Silicon Monomer in 1996-2010
Chart 35 China's Production and Consumption of Organic Silicon Monomer in 1998-2010
Chart 36 Distribution of the Production Capacity of Organic Silicon in China in 2010

- Chart 81 Diagram Reflecting Prediction of Trichlorosilane Demand in 2007-2010
- Chart 82 Growth Prediction on China's Trichlorosilane Output in 2007-2010
- Chart 83 Growth Trend of China's Trichlorosilane Output in 2007-2010
- Chart 84 Prediction on China's Production Capacity of Trichlorosilane Demand in 2008-2010

I would like to order:

Product name: Trichlorosilane Market Research (China)
Product link: <http://marketpublishers.com/r/T1E96F7C73BEN.html>
Product ID: T1E96F7C73BEN
Price: US\$ 2,250.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service: office@marketpublishers.com

Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click 'BUY NOW' button on product page <http://marketpublishers.com/r/T1E96F7C73BEN.html>

To pay by Wire Transfer, please, fill in your contact details in the form below:
