### Table of Content

This iDRD (Insight-based Data-Rich Deliverable) is part of the Education vertical market subscription. This insight takes a look at wireless trends and activities in both the K-12 and higher education segments in the US. Forecasts include Education Telecom Expenditures and Education Wireless Services and Equipment Expenditures for 2005-2010. Topics include Wi-Fi, in-building solutions, handset management, and technology used to attract student enrollment. Education includes all primary, secondary, and higher education institutions including K-12, colleges, universities, and other educational institutions. The Expert Guide for this deliverable is Stephanie Atkinson.

Sources: Compass Intelligence's segment and market forecasts, which include business expenditures, market demographics, and usage and adoption statistics are built using multiple sources, including proprietary Compass Intelligence research. These sources include, but are not limited to, secondary research, government data and statistics (e.g. Department of Commerce, Federal Communication Commission, Bureau of Labor Statistics and US Census Bureau), primary research, vendor-based research and in-depth interviews with key decision-makers, where relevant. Compass Intelligence selects data sources to provide greatest degree of perspective on each market or segment, in addition to the highest level of data accuracy, stability, and consistency over time.
