Executive Summary

The Coffee and Tea CPG market can be segmented in different product varieties like fresh coffee beans, fresh ground coffee pods, standard fresh ground coffee, fruit/herbal tea, instant tea, green tea, etc.

The global coffee and tea CPG market has progressed promptly over the years and the market is further anticipated to escalate during the forecasted years 2020 to 2024. The market would augment owing to numerous growth drivers such as, rising urban population, surging disposable income, escalating ecommerce retail sales, growth in middle class expenditure, rising demand of specialty coffee, etc.

However, the market faces some challenges which are hindering the growth of the market. Some of the major challenges faced by the industry are: variation in prices of raw material and their availability and regulatory compliance. Moreover, the market growth would succeed by various market trends like surging number of coffee outlets,

evolution of new tea flavors, etc.
