## EXECUTIVE SUMMARY

Classified ads are the domain of newspapers, which offer advertisers cheap, small-type notices sorted under specific categories. Classified ads could be segregated into newspaper, online and others. Online classified advertising is one of the fastest-growing types of online advertising. Online classifieds is all about buying and selling a range of goods and services. Online classifieds could be categorized into automobiles, furniture, matrimony, recruitment, real estate, etc.

Online classifieds could be of two types: Horizontal and Vertical. The horizontal classifieds include different products ranging from furniture, electronics, apparels, etc. The vertical classified is restricted to single platform for instance LinkedIn which advertises different jobs and vacancies.

The global online classified market has shown rising trends over the years and anticipations are made that the market would grow at a rapid pace in the next four years i.e. 2019 to 2023. Growth in the market would be primarily driven by rising smartphone as well as internet penetration, rising youth population globally etc. Fraudulent activities, lack of customer loyalty, and technological barriers are some of the major restrains in the growth of the market. While the market follows some trends, which include digital payments, growing retail e-commerce industry and big data analytics.
