It is extremely difficult presenting hard data in PDF form because of the space restrictions of a PDF page. This PDF Express report is a summary of the main database which contains 9679 spreadsheets and 9692 database tables. In fact the data in this Summary PDF is derived from only 300 of the 9679 datasets, and less than 10% of the data in the selected spreadsheets. For example, the main database provides market data from 1997 to Current Year and Current Year to 2044, however simply by adding the missing years would increase the number of pages fourfold – and make this PDF unmanageable.

After reading this report, if readers find that they need more data than contained in this PDF then there is a simple Upgrade process to purchase the full database edition. In addition there is a \$500 Coupon in the PDF report which clients can use to get a \$500 reduction on the price of the full database edition.

## **UPGRADE:**

To upgrade to the full Database Edition you can use the coupon to get the upgrade edition you need at a reduced cost.
