## Abstracts

This report can be delivered to the clients within 48 Hours

### INTRODUCTION

DelveInsight's, "Angina (Angina Pectoris) - Global API Manufacturers, Marketed and Phase III Drugs Landscape, 2019" report provides comprehensive insights about marketed and Phase III products for Angina (Angina Pectoris). The report includes information of marketed products including their product description, patent details, forecasted sales till 2021 & API manufacturer details by country.

Global API Manufacturers of Marketed Products for Angina (Angina Pectoris)

Coverage of API manufacturers for Angina (Angina Pectoris) marketed products spanning across United States, Europe, China and India. The manufacturers' details include manufacturers' name along with their location.

Emerging Phase III products for Angina (Angina Pectoris)

This report provides a comprehensive understanding of the emerging Phase III therapies for Angina (Angina Pectoris) which can turn out to be future prospective competitors for the marketed products. It will also put light on the current market trends. Their forecasted global sales are also provided till 2021.

### METHODOLOGY

The report is built using data and information sourced from proprietary databases,

primary and secondary research and in-house analysis by DelveInsight team of industry experts.

Secondary information and data has been collected from various printable and non-printable sources like search engines, news websites, government websites, trade journals, white papers, magazines, trade associations, books, industry portals, industry associations and available databases.

## **SCOPE**

A review of the marketed products for Angina (Angina Pectoris) including their description, route of synthesis, regulatory milestones, forecasted sales estimates till 2021 and API manufacturer details.

Patent information coverage of the marketed products including the patent number, holder, grant and patent expiry details

API manufacturers for the marketed products with location details

Emerging Phase III product profiles for Angina (Angina Pectoris) including product description, developmental activities, licensors & collaborators and chemical information

## **REASONS TO BUY**

API intelligence for marketed drugs for the indication and gaining insights of API manufacturers

Evaluate the marketing status and patent details of products to exploit opportunities for generic drug development

Design effective counter-strategies to gain competitive advantage by identifying the key patent expiry details and exclusivity with respect to the indication

Establish a comprehensive understanding of the emerging Phase III products which can be future competitors in this space

## Contents

### 1. REPORT INTRODUCTION

### 2. ANGINA (ANGINA PECTORIS): OVERVIEW

Risk Factors

Causes

Symptoms

Pathophysiology

Prognosis

Diagnosis

Treatment

### 3. COMPARATIVE ANALYSIS OF MARKETED AND EMERGING PRODUCTS

### 4. MARKETED THERAPIES

#### 4.1. Drug 1: Company name

Product Description

Route of Synthesis

Mechanism of Action

Pharmacology

Pharmacodynamics

Pharmacokinetics

Adverse Reactions

Clinical Trials

Regulatory Milestones

Product Development Activities

##### 4.1.1 Product Details

United States

Europe

##### 4.1.2 Global Sales Assessment

Historical Global Sales

Forecasted Global Sales

##### 4.1.3 Patent Details

Other marketed products in the detailed report

### 5. EMERGING THERAPIES (PHASE III)

5.1 Drug Name: Company Name

Product Description

Research and Development

Product Development Activities

5.1.1 Forecasted Global Sales

Other Phase III profiles in the detailed report
