Abstracts

This report can be delivered to the clients within 7-10 Business Days

DelveInsight's 'Bipolar Disorder (Manic Depression) - Market Insights, Epidemiology, and Market Forecast-2030' report delivers an in-depth understanding of the Bipolar Disorder (Manic Depression), historical and forecasted epidemiology as well as the Bipolar Disorder (Manic Depression) market trends in the United States, EU5 (Germany, Spain, Italy, France, and United Kingdom) and Japan.

The Bipolar Disorder (Manic Depression) market report provides current treatment practices, emerging drugs, Bipolar Disorder (Manic Depression) market share of the individual therapies, current and forecasted Bipolar Disorder (Manic Depression) market Size from 2017 to 2030 segmented by seven major markets. The Report also covers current Bipolar Disorder (Manic Depression) treatment practice/algorithm, market drivers, market barriers and unmet medical needs to curate best of the opportunities and assesses the underlying potential of the market.

Geography Covered

The United States

EU5 (Germany, France, Italy, Spain, and the United Kingdom)

Japan

Study Period: 2017-2030

Bipolar Disorder (Manic Depression) Disease Understanding and Treatment Algorithm
The DelveInsight Bipolar Disorder (Manic Depression) market report gives a thorough

understanding of the Bipolar Disorder (Manic Depression) by including details such as disease definition, symptoms, causes, pathophysiology, diagnosis and treatment.

Diagnosis

This segment of the report covers the detailed diagnostic methods or tests for Bipolar Disorder (Manic Depression).

Treatment

It covers the details of conventional and current medical therapies available in the Bipolar Disorder (Manic Depression) market for the treatment of the condition. It also provides Bipolar Disorder (Manic Depression) treatment algorithms and guidelines in the United States, Europe, and Japan.

Bipolar Disorder (Manic Depression) Epidemiology

The Bipolar Disorder (Manic Depression) epidemiology division provide insights about historical and current Bipolar Disorder (Manic Depression) patient pool and forecasted trend for every seven major countries. It helps to recognize the causes of current and forecasted trends by exploring numerous studies and views of key opinion leaders. This part of the DelveInsight report also provides the diagnosed patient pool and their trends along with assumptions undertaken.

Key Findings

The disease epidemiology covered in the report provides historical as well as forecasted Bipolar Disorder (Manic Depression) epidemiology scenario in the 7MM covering the United States, EU5 countries (Germany, Spain, Italy, France, and the United Kingdom), and Japan from 2017 to 2030.

Country Wise- Bipolar Disorder (Manic Depression) Epidemiology

The epidemiology segment also provides the Bipolar Disorder (Manic Depression) epidemiology data and findings across the United States, EU5 (Germany, France, Italy, Spain, and the United Kingdom), and Japan.

Bipolar Disorder (Manic Depression) Drug Chapters

Drug chapter segment of the Bipolar Disorder (Manic Depression) report encloses the detailed analysis of Bipolar Disorder (Manic Depression) marketed drugs and late stage (Phase-III and Phase-II) pipeline drugs. It also helps to understand the Bipolar Disorder (Manic Depression) clinical trial details, expressive pharmacological action, agreements and collaborations, approval and patent details, advantages and disadvantages of each included drug and the latest news and press releases.

Marketed Drugs

The report provides the details of the marketed product available for Bipolar Disorder (Manic Depression) treatment.

Bipolar Disorder (Manic Depression) Emerging Drugs

The report provides the details of the emerging therapies under the late and mid-stage

of development for Bipolar Disorder (Manic Depression) treatment.

Bipolar Disorder (Manic Depression) Market Outlook

The Bipolar Disorder (Manic Depression) market outlook of the report helps to build the detailed comprehension of the historic, current, and forecasted Bipolar Disorder (Manic Depression) market trends by analyzing the impact of current therapies on the market, unmet needs, drivers and barriers and demand of better technology.

This segment gives a thorough detail of Bipolar Disorder (Manic Depression) market trend of each marketed drug and late-stage pipeline therapy by evaluating their impact based on annual cost of therapy, inclusion and exclusion criteria's, mechanism of action, compliance rate, growing need of the market, increasing patient pool, covered patient segment, expected launch year, competition with other therapies, brand value, their impact on the market and view of the key opinion leaders. The calculated market data are presented with relevant tables and graphs to give a clear view of the market at first sight.

According to DelveInsight, Bipolar Disorder (Manic Depression) market in 7MM is expected to change in the study period 2017-2030.

Key Findings

This section includes a glimpse of the Bipolar Disorder (Manic Depression) market in 7MM.

The United States Market Outlook

This section provides the total Bipolar Disorder (Manic Depression) market size and market size by therapies in the United States.

EU-5 Countries: Market Outlook

The total Bipolar Disorder (Manic Depression) market size and market size by therapies in Germany, France, Italy, Spain, and the United Kingdom is provided in this section.

Japan Market Outlook

The total Bipolar Disorder (Manic Depression) market size and market size by therapies in Japan is also mentioned.

Bipolar Disorder (Manic Depression) Drugs Uptake

This section focusses on the rate of uptake of the potential drugs recently launched in the Bipolar Disorder (Manic Depression) market or expected to get launched in the market during the study period 2017-2030. The analysis covers Bipolar Disorder (Manic Depression) market uptake by drugs; patient uptake by therapies; and sales of each drug.

This helps in understanding the drugs with the most rapid uptake, reasons behind the maximal use of new drugs and allow the comparison of the drugs on the basis of market share and size which again will be useful in investigating factors important in market uptake and in making financial and regulatory decisions.

Bipolar Disorder (Manic Depression) Pipeline Development Activities

The report provides insights into different therapeutic candidates in Phase II, and Phase III stage. It also analyses Bipolar Disorder (Manic Depression) key players involved in developing targeted therapeutics.

Pipeline Development Activities

The report covers the detailed information of collaborations, acquisition and merger, licensing, patent details and other information for Bipolar Disorder (Manic Depression) emerging therapies.

Reimbursement Scenario in Bipolar Disorder (Manic Depression)

Approaching reimbursement proactively can have a positive impact both during the late stages of product development and well after product launch. In a report, we take reimbursement into consideration to identify economically attractive indications and market opportunities. When working with finite resources, the ability to select the markets with the fewest reimbursement barriers can be a critical business and price strategy.

KOL- Views

To keep up with current market trends, we take KOLs and SME's opinion working in Bipolar Disorder (Manic Depression) domain through primary research to fill the data gaps and validate our secondary research. Their opinion helps to understand and validate current and emerging therapies treatment patterns or Bipolar Disorder (Manic Depression) market trend. This will support the clients in potential upcoming novel treatment by identifying the overall scenario of the market and the unmet needs.

Competitive Intelligence Analysis

We perform Competitive and Market Intelligence analysis of the Bipolar Disorder (Manic Depression) Market by using various Competitive Intelligence tools that include - SWOT analysis, PESTLE analysis, Porter's five forces, BCG Matrix, Market entry strategies etc. The inclusion of the analysis entirely depends upon the data availability.

SCOPE OF THE REPORT

The report covers the descriptive overview of Bipolar Disorder (Manic Depression), explaining its causes, signs and symptoms, pathophysiology, diagnosis and currently available therapies

Comprehensive insight has been provided into the Bipolar Disorder (Manic Depression) epidemiology and treatment in the 7MM

Additionally, an all-inclusive account of both the current and emerging therapies for Bipolar Disorder (Manic Depression) are provided, along with the assessment of new therapies, which will have an impact on the current

treatment landscape

A detailed review of Bipolar Disorder (Manic Depression) market; historical and forecasted is included in the report, covering drug outreach in the 7MM

The report provides an edge while developing business strategies, by understanding trends shaping and driving the global Bipolar Disorder (Manic Depression) market

Report Highlights

In the coming years, Bipolar Disorder (Manic Depression) market is set to change due to the rising awareness of the disease, and incremental healthcare spending across the world; which would expand the size of the market to enable the drug manufacturers to penetrate more into the market

The companies and academics are working to assess challenges and seek opportunities that could influence Bipolar Disorder (Manic Depression) R&D. The therapies under development are focused on novel approaches to treat/improve the disease condition

Major players are involved in developing therapies for Bipolar Disorder (Manic Depression). Launch of emerging therapies will significantly impact the Bipolar Disorder (Manic Depression) market

A better understanding of disease pathogenesis will also contribute to the development of novel therapeutics for Bipolar Disorder (Manic Depression)

Our in-depth analysis of the pipeline assets across different stages of development (Phase III and Phase II), different emerging trends and comparative analysis of pipeline products with detailed clinical profiles, key cross-competition, launch date along with product development activities will support the clients in the decision-making process regarding their therapeutic portfolio by identifying the overall scenario of the research and development activities

KEY QUESTIONS

Market Insights:

What was the Bipolar Disorder (Manic Depression) market share (%) distribution in 2017 and how it would look like in 2030?

What would be the Bipolar Disorder (Manic Depression) total market size as well as market size by therapies across the 7MM during the forecast period (2017-2030)?

What are the key findings pertaining to the market across 7MM and which country will have the largest Bipolar Disorder (Manic Depression) market size during the forecast period (2017-2030)?

At what CAGR, the Bipolar Disorder (Manic Depression) market is expected to grow in 7MM during the forecast period (2017-2030)?

What would be the Bipolar Disorder (Manic Depression) market outlook across the 7MM during the forecast period (2017-2030)?

What would be the Bipolar Disorder (Manic Depression) market growth till 2030, and what will be the resultant market Size in the year 2030?

How would the market drivers, barriers and future opportunities affect the market dynamics and subsequent analysis of the associated trends?

Epidemiology Insights:

What is the disease risk, burden and unmet needs of the Bipolar Disorder (Manic Depression)?

What is the historical Bipolar Disorder (Manic Depression) patient pool in seven major markets covering the United States, EU5 (Germany, Spain, France, Italy, UK), and Japan?

What would be the forecasted patient pool of Bipolar Disorder (Manic Depression) in seven major markets covering the United States, EU5 (Germany, Spain, France, Italy, UK), and Japan?

What will be the growth opportunities in the 7MM with respect to the patient population pertaining to Bipolar Disorder (Manic Depression)?

Out of all 7MM countries, which country would have the highest prevalent population of Bipolar Disorder (Manic Depression) during the forecast period (2017-2030)?

At what CAGR the population is expected to grow in 7MM during the forecast period (2017-2030)?

Current Treatment Scenario, Marketed Drugs and Emerging Therapies:

What are the current options for the Bipolar Disorder (Manic Depression) treatment, along with the approved therapy?

What are the current treatment guidelines for the treatment of Bipolar Disorder (Manic Depression) in the USA, Europe, and Japan?

What are the Bipolar Disorder (Manic Depression) marketed drugs and their MOA, regulatory milestones, product development activities, advantages, disadvantages, safety and efficacy, etc.?

How many companies are developing therapies for the treatment of Bipolar Disorder (Manic Depression)?

How many therapies are developed by each company for Bipolar Disorder (Manic Depression) treatment?

How many are emerging therapies in mid-stage, and late stage of development for Bipolar Disorder (Manic Depression) treatment?

What are the key collaborations (Industry - Industry, Industry - Academia), Mergers and acquisitions, licensing activities related to the Bipolar Disorder (Manic Depression) therapies?

What are the recent novel therapies, targets, mechanisms of action and technologies developed to overcome the limitation of existing therapies?

What are the clinical studies going on for Bipolar Disorder (Manic Depression) and their status?

What are the key designations that have been granted for the emerging therapies for Bipolar Disorder (Manic Depression)?

What are the global historical and forecasted market of Bipolar Disorder (Manic Depression)?

Reasons to buy

The report will help in developing business strategies by understanding trends shaping and driving the Bipolar Disorder (Manic Depression) market

To understand the future market competition in the Bipolar Disorder (Manic Depression) market and Insightful review of the key market drivers and barriers

Organize sales and marketing efforts by identifying the best opportunities for Bipolar Disorder (Manic Depression) in the US, Europe (Germany, Spain, Italy, France, and the United Kingdom) and Japan

Identification of strong upcoming players in the market will help in devising strategies that will help in getting ahead of competitors

Organize sales and marketing efforts by identifying the best opportunities for Bipolar Disorder (Manic Depression) market

To understand the future market competition in the Bipolar Disorder (Manic Depression) market
