Abstracts

This report can be delivered to the clients within 7-10 Business Days

DelveInsight's 'Dry AMD- Market Insights, Epidemiology, and Market Forecast-2032' report delivers an in-depth understanding of the Dry AMD, historical and forecasted epidemiology as well as the Dry AMD market trends in the United States, EU5 (Germany, Spain, Italy, France, and United Kingdom) and Japan.

The Dry AMD market report provides current treatment practices, emerging drugs, Dry AMD market share of the individual therapies, current and forecasted Dry AMD market Size from 2019 to 2032 segmented by seven major markets. The Report also covers current Dry AMD treatment practice/algorithm, market drivers, market barriers and unmet medical needs to curate best of the opportunities and assesses the underlying potential of the market.

Geography Covered

The United States

EU5 (Germany, France, Italy, Spain, and the United Kingdom)

Japan

Study Period: 2019-2032

Dry AMD Disease Understanding and Treatment Algorithm

The DelveInsight Dry AMD market report gives a thorough understanding of the Dry AMD by including details such as disease definition, symptoms, causes, pathophysiology, diagnosis and treatment.

Diagnosis

This segment of the report covers the detailed diagnostic methods or tests for Dry AMD.

Treatment

It covers the details of conventional and current medical therapies available in the Dry AMD market for the treatment of the condition. It also provides Dry AMD treatment algorithms and guidelines in the United States, Europe, and Japan.

Dry AMD Epidemiology

The Dry AMD epidemiology division provide insights about historical and current Dry AMD patient pool and forecasted trend for every seven major countries. It helps to recognize the causes of current and forecasted trends by exploring numerous studies and views of key opinion leaders. This part of the DelveInsight report also provides the diagnosed patient pool and their trends along with assumptions undertaken.

Key Findings

The disease epidemiology covered in the report provides historical as well as forecasted Dry AMD epidemiology scenario in the 7MM covering the United States, EU5 countries (Germany, Spain, Italy, France, and the United Kingdom), and Japan from 2019 to 2032.

Country Wise- Dry AMD Epidemiology

The epidemiology segment also provides the Dry AMD epidemiology data and findings across the United States, EU5 (Germany, France, Italy, Spain, and the United Kingdom), and Japan.

Dry AMD Drug Chapters

Drug chapter segment of the Dry AMD report encloses the detailed analysis of Dry AMD

marketed drugs and late stage (Phase-III and Phase-II) pipeline drugs. It also helps to understand the Dry AMD clinical trial details, expressive pharmacological action, agreements and collaborations, approval and patent details, advantages and disadvantages of each included drug and the latest news and press releases.

Marketed Drugs

The report provides the details of the marketed product available for Dry AMD treatment.

Dry AMD Emerging Drugs

The report provides the details of the emerging therapies under the late and mid-stage of development for Dry AMD treatment.

Dry AMD Market Outlook

The Dry AMD market outlook of the report helps to build the detailed comprehension of the historic, current, and forecasted Dry AMD market trends by analyzing the impact of current therapies on the market, unmet needs, drivers and barriers and demand of better technology.

This segment gives a thorough detail of Dry AMD market trend of each marketed drug and late-stage pipeline therapy by evaluating their impact based on annual cost of therapy, inclusion and exclusion criteria's, mechanism of action, compliance rate, growing need of the market, increasing patient pool, covered patient segment, expected launch year, competition with other therapies, brand value, their impact on the market and view of the key opinion leaders. The calculated market data are presented with relevant tables and graphs to give a clear view of the market at first sight.

According to DelveInsight, Dry AMD market in 7MM is expected to change in the study period 2019-2032.

Key Findings

This section includes a glimpse of the Dry AMD market in 7MM.

The United States Market Outlook

This section provides the total Dry AMD market size and market size by therapies in the United States.

EU-5 Countries: Market Outlook

The total Dry AMD market size and market size by therapies in Germany, France, Italy, Spain, and the United Kingdom is provided in this section.

Japan Market Outlook

The total Dry AMD market size and market size by therapies in Japan is also mentioned.

Dry AMD Drugs Uptake

This section focusses on the rate of uptake of the potential drugs recently launched in the Dry AMD market or expected to get launched in the market during the study period 2019-2032. The analysis covers Dry AMD market uptake by drugs; patient uptake by therapies; and sales of each drug.

This helps in understanding the drugs with the most rapid uptake, reasons behind the maximal use of new drugs and allow the comparison of the drugs on the basis of market share and size which again will be useful in investigating factors important in market uptake and in making financial and regulatory decisions.

Dry AMD Pipeline Development Activities

The report provides insights into different therapeutic candidates in Phase II, and Phase III stage. It also analyses Dry AMD key players involved in developing targeted therapeutics.

Pipeline Development Activities

The report covers the detailed information of collaborations, acquisition and merger, licensing, patent details and other information for Dry AMD emerging therapies.

Reimbursement Scenario in Dry AMD

Approaching reimbursement proactively can have a positive impact both during the late

stages of product development and well after product launch. In a report, we take reimbursement into consideration to identify economically attractive indications and market opportunities. When working with finite resources, the ability to select the markets with the fewest reimbursement barriers can be a critical business and price strategy.

KOL- Views

To keep up with current market trends, we take KOLs and SME's opinion working in Dry AMD domain through primary research to fill the data gaps and validate our secondary research. Their opinion helps to understand and validate current and emerging therapies treatment patterns or Dry AMD market trend. This will support the clients in potential upcoming novel treatment by identifying the overall scenario of the market and the unmet needs.

Competitive Intelligence Analysis

We perform Competitive and Market Intelligence analysis of the Dry AMD Market by using various Competitive Intelligence tools that include - SWOT analysis, PESTLE analysis, Porter's five forces, BCG Matrix, Market entry strategies etc. The inclusion of the analysis entirely depends upon the data availability.

Scope of the Report

The report covers the descriptive overview of Dry AMD, explaining its causes, signs and symptoms, pathophysiology, diagnosis and currently available therapies

Comprehensive insight has been provided into the Dry AMD epidemiology and treatment in the 7MM

Additionally, an all-inclusive account of both the current and emerging therapies for Dry AMD are provided, along with the assessment of new therapies, which will have an impact on the current treatment landscape

A detailed review of Dry AMD market; historical and forecasted is included in the report, covering drug outreach in the 7MM

The report provides an edge while developing business strategies, by

understanding trends shaping and driving the global Dry AMD market

Report Highlights

In the coming years, Dry AMD market is set to change due to the rising awareness of the disease, and incremental healthcare spending across the world; which would expand the size of the market to enable the drug manufacturers to penetrate more into the market

The companies and academics are working to assess challenges and seek opportunities that could influence Dry AMD R&D. The therapies under development are focused on novel approaches to treat/improve the disease condition

Major players are involved in developing therapies for Dry AMD. Launch of emerging therapies will significantly impact the Dry AMD market

A better understanding of disease pathogenesis will also contribute to the development of novel therapeutics for Dry AMD

Our in-depth analysis of the pipeline assets across different stages of development (Phase III and Phase II), different emerging trends and comparative analysis of pipeline products with detailed clinical profiles, key cross-competition, launch date along with product development activities will support the clients in the decision-making process regarding their therapeutic portfolio by identifying the overall scenario of the research and development activities

Key Questions

Market Insights:

What was the Dry AMD market share (%) distribution in 2019 and how it would

look like in 2032?

What would be the Dry AMD total market size as well as market size by therapies across the 7MM during the forecast period (2019-2032)?

What are the key findings pertaining to the market across 7MM and which country will have the largest Dry AMD market size during the forecast period (2019-2032)?

At what CAGR, the Dry AMD market is expected to grow in 7MM during the forecast period (2019-2032)?

What would be the Dry AMD market outlook across the 7MM during the forecast period (2019-2032)?

What would be the Dry AMD market growth till 2032, and what will be the resultant market Size in the year 2032?

How would the market drivers, barriers and future opportunities affect the market dynamics and subsequent analysis of the associated trends?

Epidemiology Insights:

What is the disease risk, burden and unmet needs of the Dry AMD?

What is the historical Dry AMD patient pool in seven major markets covering the United States, EU5 (Germany, Spain, France, Italy, UK), and Japan?

What would be the forecasted patient pool of Dry AMD in seven major markets covering the United States, EU5 (Germany, Spain, France, Italy, UK), and Japan?

What will be the growth opportunities in the 7MM with respect to the patient population pertaining to Dry AMD?

Out of all 7MM countries, which country would have the highest prevalent population of Dry AMD during the forecast period (2019-2032)?

At what CAGR the population is expected to grow in 7MM during the forecast period (2019-2032)?

Current Treatment Scenario, Marketed Drugs and Emerging Therapies:

What are the current options for the Dry AMD treatment, along with the approved therapy?

What are the current treatment guidelines for the treatment of Dry AMD in the USA, Europe, and Japan?

What are the Dry AMD marketed drugs and their MOA, regulatory milestones, product development activities, advantages, disadvantages, safety and efficacy, etc.?

How many companies are developing therapies for the treatment of Dry AMD?

How many therapies are developed by each company for Dry AMD treatment?

How many are emerging therapies in mid-stage, and late stage of development for Dry AMD treatment?

What are the key collaborations (Industry - Industry, Industry - Academia), Mergers and acquisitions, licensing activities related to the Dry AMD therapies?

What are the recent novel therapies, targets, mechanisms of action and technologies developed to overcome the limitation of existing therapies?

What are the clinical studies going on for Dry AMD and their status?

What are the key designations that have been granted for the emerging therapies for Dry AMD?

What are the global historical and forecasted market of Dry AMD?

Reasons to buy

The report will help in developing business strategies by understanding trends shaping and driving the Dry AMD market

To understand the future market competition in the Dry AMD market and Insightful review of the key market drivers and barriers

Organize sales and marketing efforts by identifying the best opportunities for Dry AMD in the US, Europe (Germany, Spain, Italy, France, and the United Kingdom) and Japan

Identification of strong upcoming players in the market will help in devising strategies that will help in getting ahead of competitors

Organize sales and marketing efforts by identifying the best opportunities for Dry AMD market

To understand the future market competition in the Dry AMD market
