DelveInsight's 'Dyspepsia - Market Insight, Epidemiology and Market Forecast - 2028' report provides a detailed analysis of the Dyspepsia epidemiology and market outlook for the 7MM.

MARKETS COVERED

United States

EU5 (Germany, France, Italy, Spain, and the United Kingdom)

Japan

Study Period: 2016-2028

Dyspepsia Understanding and Treatment Algorithm

The market report provides the overview of the Dyspepsia by providing the disease overview, definition, classification, symptoms, etiology, pathophysiology and diagnostic methods. It also covers the detailed treatment approaches and therapy areas under research and development for 7MM.

Dyspepsia Epidemiology

The report provides a comprehensive account of the total patient pool, diagnosed cases

and potential patient pool eligible for the treatment. It also includes the explanation of changing trends of epidemiology after evaluating numerous studies, survey reports and views of key opinion leaders. The Report provides the 10 years forecast from 2016 to 2028 segmented by seven major markets, enabling to understand the potential of the Dyspepsia in the respective markets. The epidemiology data is presented with graphs and tables to provide a clear assessment of the landscape.

Dyspepsia Product Profiles & Analysis

The drug chapter segment covers the complete analysis of marketed drugs and Phase III & late Phase II pipeline drugs. This division focuses on the recent breakthroughs like clinical development analysis, agreements and collaborations, clinical trial details, allotted designations, published results, pharmacological effects, patent expiry, and expected launch timings. Moreover, advantages and disadvantages of the therapy along with opinion of experts for marketed and emerging drugs are also provided.

Dyspepsia Market Outlook

The report's market outlook delivers an understanding of the country-specific revenue and share by analyzing the performance of the current therapies and potential uptake of new products. The in-depth analysis helps to recognize the growing demand of the market by evaluating the annual cost of therapy, compliance rate, competition with other therapies, covered patient segment, impact of emerging technology in the forecast period. The views from the key opinion leaders adds more value to the analysis. This segment provides the relevant graphs and tables to have an effective outline of the Dyspepsia market.

Dyspepsia Market Share by Therapies

This division provides an understanding of the rate of drug uptake, drugs including both recently launched and those which show potential to get launched during the forecast period from 2016-2028. The analysis is based on patient uptake by therapies, sales projection of each drug by studying the reasons behind the maximal use of new drugs. A comparative analysis is also done on the basis of market share and size by assessing the drugs uptake to project the drug positioning in the market.
