This report can be delivered to the clients within 48 Hours

'Gastric Ulcers - Global API Manufacturers, Marketed and Phase III Drugs Landscape, 2020' report by DelveInsight offers comprehensive insights on marketed and Phase III products for Gastric Ulcers. The marketed products information covers their product details, patents (US & EU), historical and forecasted sales till 2023. It further provides the marketed products API manufacturer details for United States, Europe, China, and India. The report also covers the emerging Phase III pipeline assets for Gastric Ulcers including their detailed product profiles.

Additionally, the report also highlights the future competitive landscape for Gastric Ulcers therapeutics. Depending on information availability comprehensive coverage of the following for Gastric Ulcers marketed products for Gastric Ulcers descriptive marketed product profiles for Gastric Ulcers including (but not limited to) drug description, regulatory milestones, product development and R&D activities encompassing clinical studies, designations, collaborations, licensing deals, grants, technologies and patent details. Also provided are the historical and forecasted global sales till 2023 for each product.

Global API Manufacturers of marketed products for Gastric Ulcers coverage of API manufacturers for Gastric Ulcers marketed products spanning across United States, Europe, China and India. The manufacturers details include manufacturers name along with their location Emerging Phase III products for Gastric Ulcers descriptive Phase III product profiles for Gastric Ulcers including (but not limited to) drug description, product development and R&D activities encompassing clinical and pre-clinical studies, designations, collaborations, licensing deals, grants, technologies and patent details. Also their forecasted global sales are provided till 2023.

Report Methodology

The report provides insights into:

Detailed description of the indication including causes, symptoms, pathophysiology, diagnosis and treatment

Comparative analysis of the marketed and emerging products

Detailed profiles for the marketed therapies available including mechanism of action, dosage and administration regulatory milestones, other development activities

Global sales of the marketed therapies from 2012-2023 is covered in the report

Global API Manufacturers for marketed therapies are provided across United States, Europe, China and India

List of emerging therapies with product name, company, stage of development, indication, route of administration and molecule type is also provided

The report is built using data and information traced from the researcher's proprietary databases, company/university websites, clinical trial registries, conferences, SEC filings, investor presentations, and featured press releases from company/university web sites and industry-specific third party sources, etc.

Gastric Ulcers Analytical Perspective by DelveInsight

In-depth Gastric Ulcers Commercial Assessment of Marketed Products

This report provides an in-depth commercial assessment of marketed products, which comprises the details of collaborations, licensing, acquisition - deal value trends, patent and global sales.

Gastric Ulcers Clinical Assessment of Emerging Products

The report comprises of comparative clinical assessment of products by development stage, route of administration and molecule type across this indication.

SCOPE OF THE REPORT

The Gastric Ulcers report provides a comprehensive understanding of Gastric Ulcers marketed and emerging (Phase III) products

Access to API manufacturers details for Gastric Ulcers marketed drugs to devise API procurement strategy for generic development

Plan developmental timelines around marketed drug patents for the major markets- US and EU

Understand current and future growth of marketed Gastric Ulcers therapeutics through their historical and forecasted sales

Identify and analyze future sales trends of emerging Phase III Gastric Ulcers therapeutics through their forecasted sales

Identify the products attributes and use it for target finding, drug repurposing, and precision medicine

Identify and plan ahead for prospective emerging players and their products for Gastric Ulcers

REPORT HIGHLIGHTS

In the coming years, the Gastric Ulcers market is set to change due to the extensive research in this field, and incremental healthcare spending across the world; which would expand the size of the market to enable the drug manufacturers to penetrate more into the market.

The companies and academics are working to assess challenges and seek opportunities that could influence Gastric Ulcers R&D. The therapies under development are focused on novel approaches to treat/improve the disease condition.

There are many companies involved in developing therapies for Gastric Ulcers. Launch of emerging therapies of Gastric Ulcers will significantly impact the

market.

A better understanding of target mechanism will also contribute to the development of novel therapeutics for Gastric Ulcers.

Our in-depth analysis of the marketed and late-stage pipeline assets comparative analysis of the products. This will support the clients in the decision-making process regarding their therapeutic portfolio by identifying the overall scenario of the research and development activities.

KEY QUESTIONS

What are the current treatment options available based on the Gastric Ulcers?

How many companies are developing therapies for Gastric Ulcers?

What are the principal therapies developed by these companies in the industry?

How many therapies are developed by each company for Gastric Ulcers to treat disease condition?

How many emerging therapies are in late stage of development for Gastric Ulcers?

What is the trend of historical and forecasted sales of the marketed products from the period 2012-2023?

What are the key collaborations (Industry-Industry, Industry-Academia), Mergers and acquisitions, licensing activities related to the Gastric Ulcers therapies?

Which are the API manufacturers across United States, Europe, China and India for the marketed therapies?

How many patents are granted to the marketed therapies of Gastric Ulcers?

How late-stage emerging therapies are distinguished on the basis of their mechanism of action, route of administration and molecule type?

Contents

1. REPORT INTRODUCTION

2. GASTRIC ULCERS

- 2.1. Gastric Ulcers Symptoms
- 2.2. Gastric Ulcers Causes
- 2.3. Gastric Ulcers Types
- 2.4. Gastric Ulcers Risk Factors / Complications
- 2.5. Gastric Ulcers Pathophysiology
- 2.6. Gastric Ulcers Diagnosis
- 2.7. Gastric Ulcers Treatment

3. COMPARATIVE ANALYSIS OF MARKETED AND EMERGING PRODUCTS

- 3.1. Marketed Products
 - 3.1.1. Drug A: Company
 - 3.1.1.1. Product Description
 - 3.1.1.2. Regulatory Milestones
 - 3.1.1.3. Product Development Activities
 - 3.1.1.3.1. General Description Table
 - 3.1.1.4. Global Sales
 - 3.1.1.5. Global API Manufacturers for Drug A
 - 3.1.1.5.1. United States
 - 3.1.1.5.2. Europe
 - 3.1.1.5.3. China
 - 3.1.1.5.4. India
 - 3.1.2. Drug B: Company
 - 3.1.2.1. Product Description
 - 3.1.2.2. Regulatory Milestones
 - 3.1.2.3. Product Development Activities
 - 3.1.2.3.1. General Description Table
 - 3.1.2.4. Global Sales
 - 3.1.2.5. Global API Manufacturers for Drug B
 - 3.1.2.5.1. United States
 - 3.1.2.5.2. Europe
 - 3.1.2.5.3. China
 - 3.1.2.5.4. India

Complete details in the report

3.1.3. Emerging Therapies - Late Phase

3.1.3.1. List of Phase III drugs for Gastric Ulcers

4. APPENDIX

5. REPORT METHODOLOGY

5.1. Secondary Research

5.2. Expert Panel Validation
