The report helps recognize the growth opportunities in the 7MM for the patient population

The report assesses the disease risk and burden and highlights the unmet needs of Plague

The report provides the segmentation of the Plague epidemiology

## Report Highlights

11-year Forecast of Plague epidemiology

7MM Coverage

Prevalent and Diagnosed Cases of Plague

Cases of Plague by Mutation Types

Plague Cases associated with Clinical Manifestations

## KOL views

We interview, KOLs and SME's opinion through primary research to fill the data gaps and validate our secondary research. The opinion helps understand the total patient population and current treatment pattern. This will support the clients in potential upcoming novel treatment by identifying the overall scenario of the indications.
