Market Overview

According to DIResearch's in-depth investigation and research, the global Bed Mattress market size will reach 48,203 Million USD in 2025 and is projected to reach 64,724 Million USD by 2032, with a CAGR of 4.30% (2025-2032). Notably, the China Bed Mattress market has changed rapidly in the past few years. By 2025, China's market size is expected to be Million USD, representing approximately % of the global market share.

Research Summary

A mattress, also known as a bed mattress, is a large rectangular pad or cushion that is placed on a bed frame or base to provide a comfortable and supportive surface for sleeping. Mattresses are typically made up of several layers of materials that work together to offer a comfortable sleeping surface. The core layer of a mattress, often made of coils or foam, provides the main support structure. This is usually topped with additional layers of foam or padding that enhance comfort and pressure relief. The materials used in mattresses can vary, including memory foam, latex foam, innerspring coils, or a combination of these. Different types of mattresses are available to cater to various sleep preferences, such as firm, medium, or plush. Additionally, mattresses may offer specific features like temperature regulation, motion isolation, or hypoallergenic properties. Choosing the right mattress is important as it can significantly impact the quality of sleep and overall comfort levels.

The major global manufacturers of Bed Mattress include Serta Simmons Bedding, Tempur Sealy International, Sleep Number, Hilding Anders, Corsicana, Ruf-Betten,

Recticel, Derucci, Sleemon, MLILY, Therapedic, Ashley, Breckle, King Koil, Pikolin, Mengshen, Airland, Lianle, etc. The global players competition landscape in this report is divided into three tiers. The first tier comprises global leading enterprises that command a substantial market share, hold a dominant industry position, possess strong competitiveness and influence, and generate significant revenue. The second tier includes companies with a notable market presence and reputation; these firms actively follow industry leaders in product, service, or technological innovation and maintain a moderate revenue scale. The third tier consists of smaller companies with limited market share and lower brand recognition, primarily focused on local markets and generating comparatively lower revenue.

This report studies the market size, price trends and future development prospects of Bed Mattress. Focus on analysing the market share, product portfolio, prices, sales, revenue and gross profit margin of global major manufacturers, as well as the market status and trends of different product types and applications in the global Bed Mattress market. The report data covers historical data from 2020 to 2024, based year in 2025 and forecast data from 2026 to 2032.

The regions and countries in the report include North America, Europe, China, APAC (excl. China), Latin America and Middle East and Africa, covering the Bed Mattress market conditions and future development trends of key regions and countries, combined with industry-related policies and the latest technological developments, analyze the development characteristics of Bed Mattress industries in various regions and countries, help companies understand the development characteristics of each region, help companies formulate business strategies, and achieve the ultimate goal of the company's global development strategy.

The data sources of this report mainly include the National Bureau of Statistics, customs databases, industry associations, corporate financial reports, third-party databases, etc. Among them, macroeconomic data mainly comes from the National Bureau of Statistics, International Economic Research Organization; industry statistical data mainly come from industry associations; company data mainly comes from interviews, public information collection, third-party reliable databases, and price data mainly comes from various markets monitoring database.
