### Research Summary

Disc golf, also known as frisbee golf, is a recreational sport that combines elements of traditional golf with the skills of throwing flying discs (similar to frisbees) into designated target baskets. Players traverse a course with a series of holes, each starting from a tee area and aiming to complete the hole in the fewest throws possible. Just like golf, the objective is to complete the course with the lowest overall score, where each throw corresponds to a stroke. Courses can vary in layout, terrain, and distance, offering a mix of open fields, wooded areas, and various obstacles that challenge players' accuracy, distance throwing, and strategy.
