Research Summary

Online payroll services are web-based platforms or software that streamline and automate the process of managing payroll and employee compensation. These services are designed to help businesses calculate and distribute employee salaries, withhold taxes, generate payslips, and manage other payroll-related tasks efficiently and accurately. With online payroll services, companies can access and process payroll data from anywhere with an internet connection, making it a convenient solution for remote work environments. These platforms also often incorporate compliance features to help businesses stay up-to-date with tax regulations and reporting requirements, reducing the risk of errors and penalties. By automating and centralizing payroll processes, online payroll services save businesses time and resources while ensuring their workforce is paid accurately and on time.

The major global suppliers of Online Payroll Service include OnPay, Gusto, SurePayroll, ADP, Intuit, AmCheck, APS, Fuse Workforce Management, Big Fish Payroll Services, BenefitMall, GetPayroll, MyPayrollHR, IOIPay, Patriot Software, Paychex, Paycor,

Paylocity, Sage, Wagepoint, PrimePay, etc. The global players competition landscape in this report is divided into three tiers.
