By 2025, China's market size is expected to be Million USD, representing approximately % of the global market share.

### Research Summary

An outdoor grill, often simply referred to as a grill, is a cooking appliance specifically designed for outdoor use. It typically features an open grilling surface or grates that are heated using various fuel sources such as charcoal, gas, or wood pellets. Grills are popular for their ability to cook a wide range of foods, from burgers and hot dogs to vegetables and even large cuts of meat. Grilling is a favored method of cooking in many cultures around the world, often associated with outdoor gatherings, picnics, and barbecues. Grills come in various sizes and designs, from small portable models for camping to larger, more elaborate setups used for backyard cooking. They offer a convenient way to cook and enjoy delicious, flame-kissed dishes in an outdoor setting.

The major global manufacturers of Outdoor Grill include Coleman, Weber, Masterbuilt Grills, Onward Manufacturing, Bull Outdoor, Subzero Wolf, American Outdoor Grill, Lynx Grills, Kaoweijia, KingCamp, Traeger, Rocvan, E-Rover, Livtor, Prior Outdoor, Easibbq, BRS, etc. The global players competition landscape in this report is divided into three tiers. The first tier comprises global leading enterprises that command a substantial market share, hold a dominant industry position, possess strong

competitiveness and influence, and generate significant revenue. The second tier includes companies with a notable market presence and reputation; these firms actively follow industry leaders in product, service, or technological innovation and maintain a moderate revenue scale. The third tier consists of smaller companies with limited market share and lower brand recognition, primarily focused on local markets and generating comparatively lower revenue.

This report studies the market size, price trends and future development prospects of Outdoor Grill. Focus on analysing the market share, product portfolio, prices, sales, revenue and gross profit margin of global major manufacturers, as well as the market status and trends of different product types and applications in the global Outdoor Grill market. The report data covers historical data from 2020 to 2024, based year in 2025 and forecast data from 2026 to 2032.

The regions and countries in the report include North America, Europe, China, APAC (excl. China), Latin America and Middle East and Africa, covering the Outdoor Grill market conditions and future development trends of key regions and countries, combined with industry-related policies and the latest technological developments, analyze the development characteristics of Outdoor Grill industries in various regions and countries, help companies understand the development characteristics of each region, help companies formulate business strategies, and achieve the ultimate goal of the company's global development strategy.

The data sources of this report mainly include the National Bureau of Statistics, customs databases, industry associations, corporate financial reports, third-party databases, etc. Among them, macroeconomic data mainly comes from the National Bureau of Statistics, International Economic Research Organization; industry statistical data mainly come from industry associations; company data mainly comes from interviews, public information collection, third-party reliable databases, and price data mainly comes from various markets monitoring database.
