### Abstracts

Health awareness is having an increasingly important impact on food consumption. This briefing focuses on its various influences, from legislation through to packaging. The first sections examine government intervention and whether this is becoming more or less likely. The second looks at how companies are altering their priorities, moving into new and healthier products.

Euromonitor International's 14 Food Trends to Watch in Food: Part Three global briefing offers an insight into the size and shape of the Packaged Food market, highlights buzz topics, emerging geographies, categories and trends and identifies the leading companies and brands. It also offers strategic analysis on driving packaged food industry trends like health and wellness, premiumisation, convenience and value-for-money and how those trends influence factors like new product developments, packaging innovations, retail distribution and retail pricing both historically and into the future.

**Product coverage:** Baby Food, Baked Goods, Biscuits and Snack Bars, Breakfast Cereals, Confectionery, Dairy, Ice Cream and Frozen Desserts, Oils and Fats, Processed Fruit and Vegetables, Processed Meat and Seafood, Ready Meals, Rice, Pasta and Noodles, Sauces, Dressings and Condiments, Soup, Spreads, Sweet and Savoury Snacks.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
