## Abstracts

Sales growth of incontinence products during 2016 was boosted by a general rise in awareness of incontinence in the country. Consumers became more open about incontinence problems and appreciated improved products that resemble sanitary towels but which offer stronger absorption quality. Moreover, these products are also now widely available, being retailed through modern grocery outlets as well as health and beauty retailers, making them much more widely accessible. However, according to a surv...

Euromonitor International's Adult Incontinence in Estonia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2012-2016, allowing you to identify the sectors driving growth.
