Abstracts

Nine million people were affected by incontinence in Germany in 2016, according to figures published from the Deutsche Kontinenz Gesellschaft, with the numbers of incontinence sufferers in the country increasing due to demographic trends. As a reaction to the fact that a higher percentage of those affected do not address their incontinence issues adequately, adult incontinence manufacturers continue to focus on marketing light adult incontinence and gender-specific products in order to achieve h...

Euromonitor International's Adult Incontinence in Germany report offers a comprehensive guide to the size and shape of the market at a national level.
