Abstracts

Adult incontinence grew by 8% in current value terms in 2016. During the year, the category continued to benefit from the increasing numbers of people aged 65 and above among the population of Hong Kong as older people are the core consumer group for adult incontinence products. Moreover, the increasingly positive attitude towards adult incontinence products as also boosted sales in the category as consumers no longer see these items as taboo. Instead, consumers are actively seeking to relieve a...
