Abstracts

As the Italian population ages and the birth rate hits its lowest level in history, major manufacturers and brands invest in the development and promotion of adult incontinence products. In Italy, heavy adult incontinence products are usually provided for free and in large quantities to the elderly and people in need, but this does not apply to light and moderate adult incontinence items. More consumers face the need for incontinence items, but also are increasingly willing to have products that...

Euromonitor International's Adult Incontinence in Italy report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2012-2016, allowing you to identify the sectors driving growth.
