Abstracts

MEA posted a moderate CAGR despite being one of the smaller markets globally. Despite low consumer awareness and social taboos surrounding incontinence, the region is showing promise. Ageing populations boost demand for adult incontinence products. The growing acceptance of retail adult incontinence encourages new launches with companies focusing on discretion, premiumisation and maximum absorption. Despite the Coronavirus pandemic, growth is expected for the region.

...

Euromonitor International's Adult Incontinence in Middle East and Africa global briefing offers an insight into to the size and shape of the tissue and hygiene market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within tissue and hygiene, analyses leading companies and brands, assesses the importance of private label and offers strategic analysis of major factors influencing the market - be they new product developments, economic/lifestyle/environmental influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success.
