## Abstracts

Adult incontinence generated current value growth of 2% and volume growth of 1% in 2016 as sales reached EUR2.0 million and 5.2 million units respectively. This represents quite a moderate performance for adult incontinence and it follows an extended period of economic downturn which saw public spending in Slovenia negatively affected until the middle of the review period. As far as retail sales of adult incontinence in Slovenia are concerned, the category is benefiting significantly from the gr...
