Abstracts

In 2023, air care experienced one of the highest increases in unit prices within home care. In 2022, due to the surplus stock resulting from the high demand during the pandemic, players had refrained from raising prices to sustain demand. However, because of the rise in raw material and manufacturing costs, players were eventually forced to pass on these costs to consumers the following year. Consequently, retail volume sales of air care declined, although overall demand in 2023 remained above p...
