## Abstracts

With consumers spending more time at home during the COVID-19 crisis, demand for air care increased. People looked to improve the ambience of their home, removing bad smells and replacing them with ones that could enhance the home environment and their mood. Even in the post-pandemic period, Swiss consumers continued to turn to air care products to improve the indoor environment. At the same time, while many consumers returned to the workplace as COVID-19 fears subsided, a large number of office...

Euromonitor International's Air Care in Switzerland market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
