Abstracts

After and unprecedented resurgence in travel in the second half of 2022 and throughout 2023, following the deep collapse of the industry during the pandemic, airlines aim to provide the very best customer service experience in the safest environment possible. In order to achieve such a goal and attract customers, the introduction of new technologies is playing a key role. These include the introduction by Air Canada in February 2023 of Biometrics Roadmaps technology, which enables customers to c...

Euromonitor International's Airlines in Canada report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.
