Abstracts

As it worked to recover from the pandemic's effects, the aviation sector generally confronted substantial problems in terms of staffing and fleet capacity. First of all, staffing became one of the biggest challenges for its recovery. Airlines lost a significant number of workers during the pandemic, when many employees either resigned willingly or were made redundant. Therefore, the challenge in the post-pandemic era is to attract these individuals back to the sector. In fact, after the pandemic...

Euromonitor International's Airlines in Singapore report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth.
