Abstracts

The airline industry in Switzerland has experienced a notable period of growth in 2023. Airlines have witnessed a significant increase in the number of passengers throughout the year, both internationally and domestically. The high booking inflow demonstrates that pent-up demand for travel following the COVID-19 pandemic remains high. Following the strong increase in demand for air travel, the number of flights offered has expanded significantly over the course of the year. Passenger revenue has...

Euromonitor International's Airlines in Switzerland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues.
