## Abstracts

Algiers and Constantine stand out as Algeria's primary economic hubs, with Djelfa showing significant potential for future growth. Tibissah and S?tif are poised for substantial increases in internet penetration. Nonetheless, these cities will face ongoing challenges, including near-term concerns such as global economic slowdown, inflation and financial tightening, as well as long-term infrastructure strains resulting from rapidly growing populations.

Euromonitor International's City Review reports analyse key trends and developments in 126 world's major cities. They provide localised city information in terms of economy, consumer lifestyles, housing and transport and city environment and offer valuable insights for strategic planning.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.

### Why buy this report?

Get a detailed picture of the Cities market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research

reports, business reference books and online information systems.
