Abstracts

All Nippon Airways is Japan's largest airline company. Due to the global grounding of Boeing 787 Dreamliner aircraft, ANA was forced to cancel many flights from March-May 2013. This had a big impact on ANA's operating profit in 2013, especially as it is the largest operator of this type of aircraft in the world. The company will work to stimulate demand, improve yield management and control costs, in order to improve operating results in 2014.
