Abstracts

The market witnessed the shortage of some paediatric analgesics towards the end of the review period, causing alarm among parents in the Czech Republic. For example, the shortage of children's fever suppositories (Paralen Sup), which was most sensitive in December 2022 and Q1 2023. Suppositories are important for the smallest children, because they are perceived to work the fastest. Children also sometimes vomit when they have a fever, and it is not possible to use any other form of medicine to...
