Abstracts

While analgesics performed well during the pandemic, they has returned to more moderate growth now that the threat has subsided. In 2023, analgesics is expected to register moderate current value growth, though constant value sales are expected to fall, as rising costs hit profitability. While Bolivia has managed to protect itself to a large extent from inflation by continuing to have a fixed exchange rate against the dollar, inflation is expected to be higher in 2023, due to a sharp fall in for...

Euromonitor International's Analgesics in Bolivia report offers a comprehensive guide to the size and shape of the market at a national level.
