Abstracts

The topical analgesics/anaesthetic category is poised to record the fastest growth in volume and current value terms within analgesics in 2023, and looks set to show improved results in both respects as compared to 2022. These types of products provide localised relief for musculoskeletal pain, hence demand has picked up as consumer lifestyles in Taiwan have become busier and more physically active with the resumption of pre-pandemic routines. Similarly, the fact that health concerns surrounding...
