Abstracts

A recovery in consumer demand in 2022 enabled the fashion industry to rebound, although high inflation, geopolitical challenges and the energy crisis affected the cost of living and consumer behaviour in Q4. Although overall business results were less affected by economic instability through much of the year, a decline in retail volume sales over 2022 as a whole was observed due to the weak performance towards the end of the year. This continued in 2023. Following moderate economic activity in 2...
