## Abstracts

Both retail value and volume growth of apparel and footwear in Chile continues to notably slow following 2021's highs. During that year, strong growth was observed across most categories, supported by government aid, pension fund withdrawals, and the reopening of commerce as pandemic-related restrictions eased. However, in 2022, as a result of the war in Ukraine and global inflation that particularly impacted Chile, with the country closing the year with an inflation rate of 12.8% - the highest...
