### **Abstracts**

In 2022, baby and child-specific products registered modest retail volume growth and a strong increase in retail current value sales. Higher prices in line with high inflation in the country pushed retail value sales at the end of the review period. The demand for baby and child-specific products was steady, but slow retail volume growth in 2022 could also be attributed to a surprisingly low birth rate in 2022. Over the first six months of 2022, the birth rate declined significantly, compared to...
