Abstracts

In contrast to other areas with beauty and personal care, baby and child-specific products did not experience a negative impact during COVID-19, with parents continuing to invest in the products. Moving into 2022, the landscape recorded positive growth, primarily driven by mid and premium-price hair and skin care products, with parents paying more attention to derma cosmetics and skin-friendly products, especially those helping to prevent head and body skin rashes. Despite price increases, paren...
