Abstracts

Australian parents remained interested in purchasing the best products they could afford for their children in 2022, including those with ingredients perceived as safe while also clinically efficacious. Australia has a high incidence of eczema compared to other countries, which continued to support products that help prevent and alleviate symptoms of eczema. As a result, claims such as Fragrance Free, Sensitive Skin, No Parabens and Hypoallergenic were the most common in the category, according...

Euromonitor International's Baby and Child-specific Products in Australia report offers a comprehensive guide to the size and shape of the market at a national level.
