Abstracts

A rising number of handbag brands have emerged in Argentina with sales exclusively made through retail e-commerce. Many designers have started to produce handbags, offering products made with materials that are more affordable than leather and feature innovative designs. Instagram is the main platform both for showcasing and selling these brands' products. The possibilities offered by this online marketing and sales channel are extensive, as it allows these designers and small brands to reach cu...

Euromonitor International's Bags and Luggage in Argentina report offers a comprehensive guide to the size and shape of the market at a national level.
